

# UI/UX

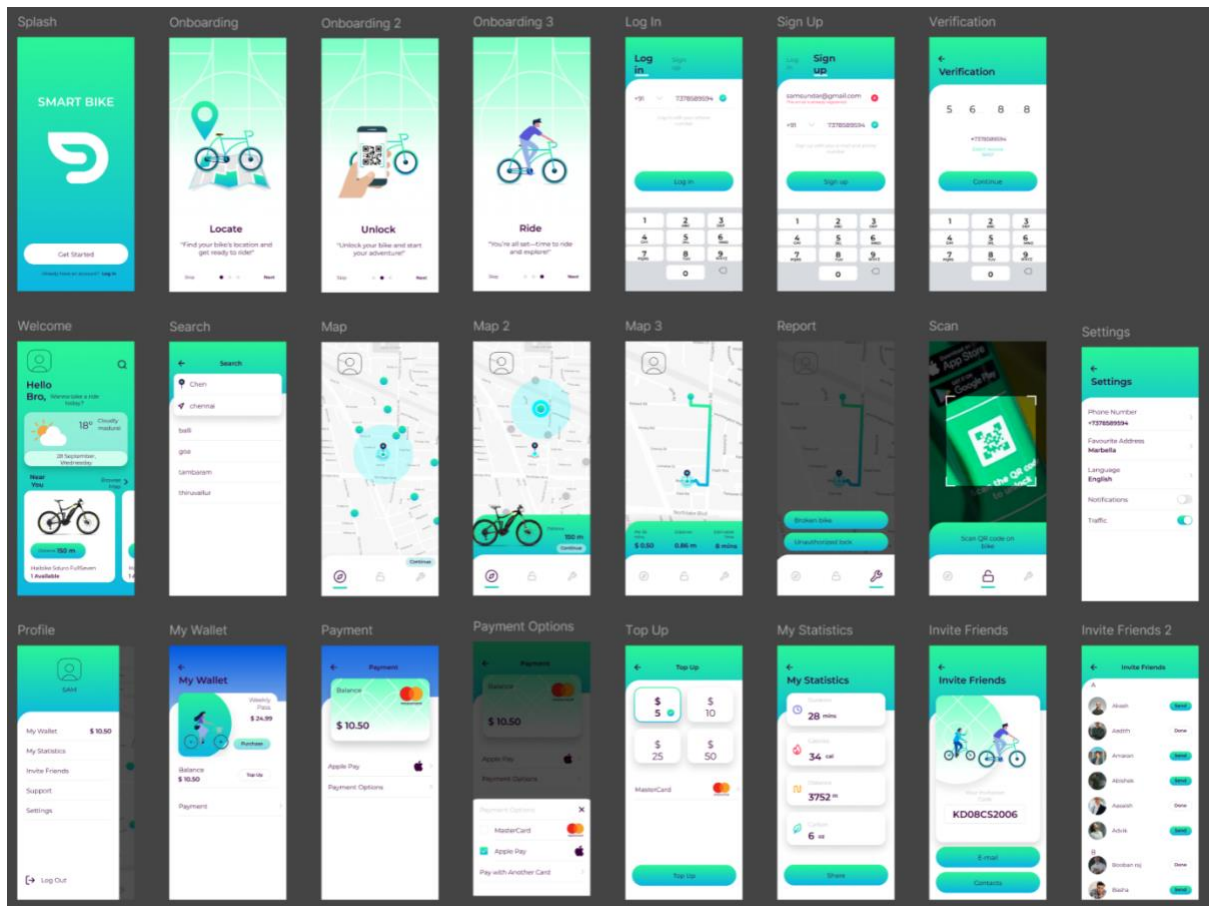

Experiment 6

roll no:231701054

**AIM:** To create a smartbike booking app.

**PROCEDURE:**

- 1.To create required layouts.
- 2.To add the required texts.
- 3.Selecting the appropriate colors,fonts and font sizes.
- 4.To connect the texts with the appropriate layouts with the help of prototype.
- 5.Adding images wherever needed.
- 6.Finally watching the preview with the desktop view.

**RESULT:** Hence the design is completed and output is verified.
